Electronic Sewing Machine Numerical Control System

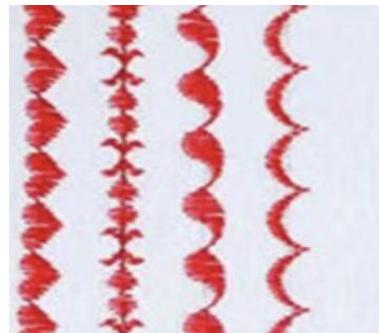

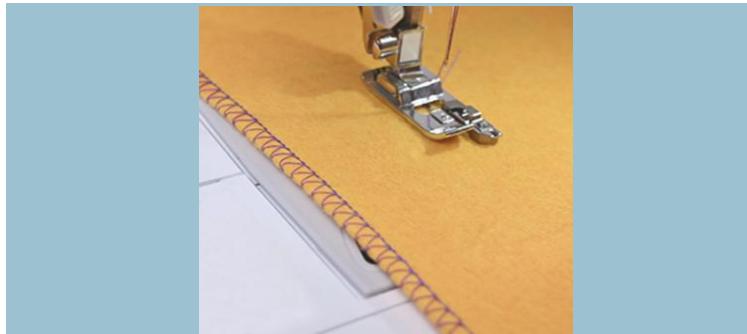

科技创享 智控互联
Power Technology And Max Integration

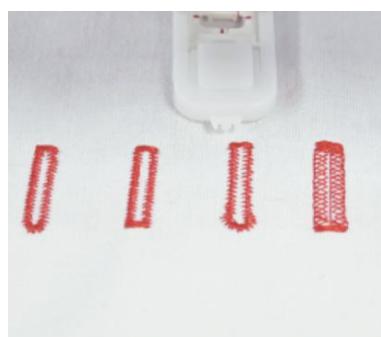

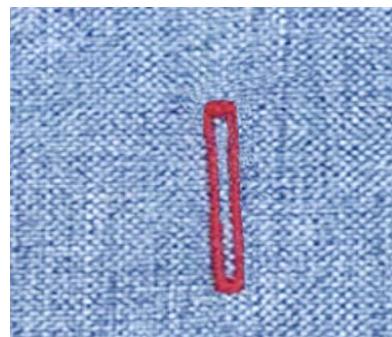

Electronic Sewing Machine Numerical Control System

- ✓ Minimalist, user-friendly design with versatile multi-stitch capability
- ✓ Supports buttonholes and specialty stitches with fully adjustable parameters (stitch width, feed length, needle swing position)
- ✓ Supports automatic thread trimming and reinforcement
- ✓ Direct **Bluetooth (BLE)** connection to mobile apps for seamless control
- ✓ **Multi-purpose:** straight-line overlocking, decorative embroidery, and other applications
- ✓ **Energy-efficient motor + low-noise design,** ideal for home use
- ✓ **Exemplary smart upgrade for traditional mechanical sewing machines**

Power Technology And Max Integration

Embroidery Machine Numerical Control System

- Lightweight, compact body + user-friendly interface**
- Supports pattern import via computer/mobile device for accurate automatic stitching of intricate designs**
- Hundreds of built-in patterns plus full support for custom design**
- Color touchscreen control** (effortlessly adjust stitch density, thread color, and embroidery area)
- Large-format design for more professional-grade work**
- Multi-material compatibility** (fabrics, pillows, garments)
- Designed to deliver both practical efficiency and artistic excellence**

Embroidery Machine Capabilities

Bespoke apparel
Fabric art ornaments
Personalized
embroidered labels &
lettered patches
Decorative embroidery
crafts

Power Technology And Max Integration

Two-in-One Sewing & Embroidery Machine Numerical Control System

- Multi-functional two-in-one sewing and embroidery machine, ideal for home crafting/garment production/small studios**
- Supports basic sewing functions (lockstitching, overlocking, etc.) + computer-controlled, high-precision embroidery**
- Preloaded with a variety of patterns and fonts, offering simple and convenient operation**
- Intelligent assist features (LCD screen, automatic threading, auto thread trimming), enhancing efficiency and reduce manual effort**
- Custom designs can be imported via USB or WiFi to meet individualized needs**
- A perfect tool for craft enthusiasts and professional tailors**

Two-in-One Sewing & Embroidery Machine Capabilities

Two-in-One Sewing & Embroidery
Machine Numerical Control System

Spring:

At a picnic, pull out a handmade clutch and, in "Versailles" humblebrag fashion, casually say: "Oh, I just made this."

POWERMAX®

Two-in-One Sewing & Embroidery Machine Capabilities

Two-in-One Sewing & Embroidery
Machine Numerical Control System

Summer:

Embroider "AC is My Lifeline" on a white T-shirt and instantly become the meme king of your friend circle.

科技创享 智控互联
POWERTECH AND MAX INTEGRATION

Two-in-One Sewing & Embroidery Machine Capabilities

Winter:

Stitch a self-portrait onto an old quilt
From then on, Mom won't scold you, she'll
praise you for being thrifty!

Two-in-One Sewing & Embroidery
Machine Numerical Control System

Autumn:

Gift Mom a scarf embroidered with "Stop Nagging About Marriage"—a witty reminder that combines love and humor
